## QAMAR CARE CARD

Knowing the culture and how the social expectations are carried out in Afghanistan, we came up with Qamar care a social-economic system. There is, unfortunately, a negative notion that not all beggars on the streets are needy and not all charities deliver the people's trust to the right hands. In a board meeting, we laid out a line of rules and steps of finding, verifying unfortunate members of our society and then issuing Qamar care card, which they can present to anyone as evidence of being a genuine individual in a state of humanitarian need. Donors can verify Qamar care card through our website or by getting in touch with Qamar charity via phone or email.

## ONLINE BLOOD DONATION

As part of Qamar's plan to build different systems to facilitate ease for the community, we have built a smart system where people can seek and donate blood. The system is completely automatic. Our website (giveblood.online) makes it easier to find volunteer blood donors near your location. Our smart system will find blood donors closer to you and will connect you in a matter of minutes at zero cost.

# EDUCATION

## YAQEEEN HIGH SCHOOL

Yaqeen offers a complete package of education for children and adults from Kindergarten to 12th grade. Yaqeen School is the first school system in Afghanistan with high technology and applied science practice systems in an Islamic environment.

## SCHOLARSHIP

Education is a key foundation for any society to build a prosper and progress society, unfortunately in Afghanistan less than 45% adult population is literate. Qamar's Scholarship is a global initiative to eradicate illiteracy around Afghanistan. We provide scholarships to students who have the necessary potential but lacked financial status. We are constantly working hard for community development with an aim to achieve greater progress in the coming years.

# AID & RELIEF

## COMMUNITY WELLS FROM \$1600

Provide clean water by building a well in your name or that of a loved one. It costs from just \$1600 to build a well in a needy community; that's just from \$4.4 per day to give the gift of water to an entire village.

## SUSTAINABLE SOLUTIONS

It is an oft-quoted saying, and one full of social wisdom: "Give a man a fish, and he will be hungry again to-morrow; teach him to catch a fish, and he will be richer all his life."

At Qamar Foundation, we don't believe in simply distributing aid to communities in need. We instead aim to give the poorest and most vulnerable people across the world a chance to transform their lives for the better.

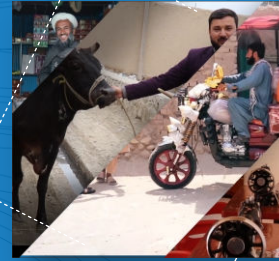

By empowering people to increase their own household income and break out of the brutal cycle of poverty, they can grow to provide for themselves and their families for generations to come.

## WINTER APPEAL

As you all know Afghanistan is a cold country and more than 92% population is living under the poverty line. There are millions of families who have lost their houses due to an ongoing war that has lasted for decades. Last year, alhamdulillah, we were able to raise enough funds and provide winter support to more than 500 families in different provinces of Afghanistan.

JUST \$88 will provide a coat, blankets, hat, gloves, and scarf, Food items for at least four months which will allow the needy to stay warm during winter.

## RAMADHAN APPEAL

The blessed month of Ramadan is coming again and that means that, like every year, we are starting a Ramadan project.

Help the needy people all around Afghanistan by donating now! People need your help in this Ramadhan.

## QURBANI APPEAL

Alhamdulillah, last year you helped us feed more than 5000 people with your Qurbani Donations - this year help us feed even more!

Qamar Charity Foundation

# ORPHAN RELIEF

## ORPHAN SPONSORSHIP

Somewhere, a child is waiting for you. Through child sponsorship, you can be the hero in the life of a child in need. You can make sure they grow up healthy, educated, and safe. Qamar has sponsored 258 orphans till now.

## ORPHANAGE - HOME OF HOPE

Qamar is in the process of establishing an orphanage for orphans and children who are suffering from the loss of family members and extreme poverty. In this Orphanage, they will be provided with shelter, food, security, and training. Sadly, there are millions of children in Afghanistan left without any hope and home. To secure their lives and future, Qamar feels it's a must to have a home for orphans where they can get all the support they need. No one wants for a child to suffer or to go through any hardship, let's join our hands together and establish homes of hope for the innocent children of Afghanistan.
